model that explains the theory of a development intervention. The evaluation is designed to test the theory to see if it holds true. If it does, the task of the evaluator is to produce a plausible case, with evidence, that shows what has

THEORY-BASED EVALUATION - INTRAC

In Theory-Driven Evaluations, Huey-Tsyh Chen introduces a new, comprehensive framework for program evaluation that is designed to bridge the gap between the method- and theory-oriented perspectives. He provides an intensive discussion of the nature and functions of program theory, approaches to constructing program theories, and the integration of program theory with evaluation processes.
