Since there are thousands of pages, you need to be very well versed with the site to get the exact content you are looking for.

Race And Iq

Discussions of race and intelligence, as well as claims of genetic differences in intelligence along racial lines, have appeared in both popular science and academic research since the inception of IQ testing in the early 20th century. The concept of "race" is a social construct, and "intelligence" has no agreed-upon definition; the validity of IQ tests as a metric for general intelligence is ...

weeks ago when Harvard geneticist David Reich wrote a New York Times op-ed in defense of race as a biological fact.

Stop talking about race and IQ. Take it from someone who did.

Race: IQ: Ashkenazi Jews (studies range from 104 to 115; the IQ of Sephardic Jews is estimated to be the same as Northern Europeans): 110: East Asians (China, Japan, Korea, Taiwan, Hong Kong, and Singapore) 105: Europeans (Northern and Western Europe is 100; Eastern and Southeastern Europe is 95)

Average IQ by Race, Ethnicity, and Career . . . And Why It

...

Race Difference in Intelligence (RDI) researchers have been trying to prove their case since World War I when psychologists administered intelligence tests to those entering the Army. It won't surprise you to learn that one outcome of this mass testing was the blustery assurance among psychologists that at last we had definitive proof of differences in intelligence between the races.

Race and IQ. Again. | Fardels Bear

There it might have ended, except that controversies involving race and IQ never end. Just after Reich's article was published, Sam Harris, the atheist controversialist who fancies himself a "public intellectual" noted a tweet from Charles Murray, the co-author of *The Bell Curve*, and tweeted provocatively at Ezra Klein of Vox:

"Race" and "IQ" Yet Again | Center for Genetics and Society

The history of the race and intelligence controversy concerns the historical development of a debate about possible explanations of group differences encountered in the study of race and intelligence. Since the beginning of IQ testing around the time of World War I, there have been observed differences between average scores of different population groups, but there has been no agreement about ...

Wikipedia

Race and IQ. In the United States, what little discussion there is about racial differences revolves around intelligence. Study after study has consistently shown that the average black IQ test score is 15 to 18 points lower than the white average. It appears that the gap starts at about 15 points in childhood and widens to as much as 20 points ...

Race and Intelligence: The Evidence - American Renaissance

Individual IQ can't be predicted from race. According to the data , at least 15 percent to 20 percent of black Americans exceed the average IQ of white Americans. If you think it's safe to guess that a white job applicant is smarter than a black one, consider this: The most important job in the world is president of the United States.

Race, Genes, Intelligence - Facts Are Facts

race and IQ have done so as either hereditarians or culture-only theorists. Intermediate positions (e.g., gene environment interaction) can be operationally assigned to one or the other of the two positions depending on whether they predict any significant heritable component to the average group difference in IQ.

THIRTY YEARS OF RESEARCH ON RACE DIFFERENCES IN COGNITIVE ...

The recent revival of ideas about race and IQ began with a seemingly benign scientific observation. In 2005, Steven Pinker, one of the world's most prominent evolutionary psychologists, ...

The unwelcome revival of 'race science' | News | The Guardian

Cumulative IQ gaps by race or ethnicity based on 1981 U.S. distributions. According to these findings, WAIS IQs for Whites (mean = 101.4, SD = 14.7) were higher than those for Blacks (mean = 86.9, SD = 13.0); distributions for Hispanics (mean = 91) and Asians (mean = 106) are less precise because of overlap and small sample size. Critics claim results like these are not grounded in ...
