☐☐☐☐☐☐ "rake" - B-OK

Assume that you have a rake task that sets the title for our blog and you want to pass it from the command line; this should be optional. If you don't pass the title of the blog, the default title should be set. We have two solutions to solve this problem. The first solution is to pass parameters through the environment variable that is passed into the ENV variable in Ruby code (ENV is a hash ...
