Listening Comprehension Activity. Students will need to listen to the video and answer questions about what they just heard. Reduce, Reuse and Recycle - English ESL video lesson

Reduce, Reuse and Recycle - English ESL video lesson

Recycling - Recycling is taking used materials and waste and then turning it into new, useful products. Recycling waste into new products reduces the amount of materials that would have been needed if the product had to be made all over again. For example, most paper is made from trees, but if old paper is recycled, less trees would be needed.
