Reinforced Masonry Engineering Handbook, 6th Ed. by The ...

$A(\text{avg})$ is the average between A and A_{net} and I is the same. I plan to use average values on the exam or hopefully they just provide the r , I , A they want used in masonry problems. You can find a table of the average values online pretty easily and they are also located in the "Reinforced Masonry Engineering Handbook) 7th edition table GN-8
