Tangled Roots And Twisted Branches

Tangled Roots and Twisted Branches. My grandmother, a founding member of the Ulster County Genealogy Society(which may still have some of her research information), published the results of her years of family research in 1987 in a book called "Tangled Roots and Twisted Branches". Since this was a very small publishing run, is no longer available, and I do seem to get quite a few requests for it, I have started to try to copy much of the information from it to this web site.

Tangled Roots and Twisted Branches

From "Tangled Roots and Twisted Branches": When Thomas and his brother-in-law Jacob Traver left Olive Township, Ulster County, NY, they settled in South Run, Monroe Township, Wyoming County, Pennsylvania. The place was all woodland. One lived on one side of a hill and the other on the other side across from each other.

This is a point at which things get a bit confusing. According to "Tangled Roots and Twisted Branches", there are at least two conflicting theories as to the parentage of my great great great grandfather, Jeremiah VAN KLEECK (1805 - 1885). Here is what the book has to say:

Tangled Roots and Twisted Branches - Ancestry

Neil Burnell, a Devon-based photographer, has been capturing the mossy labyrinth of twisted roots and branches of the Wistman's Woods for many years. The recent Mystical series captures the otherworldly essence of the Wistman's - an isolated oak woodland in Dartmoor, Devon, England. What Burnell captures now is the remnant of a once overflowing forest from around 7000 BC.

Why Tangled Roots? Because that is the best way to describe my journey into past generations... the branches, roots and twigs are all twisted and tangled like a very old Live Oak Tree, with some branches crossing here and there. This website contains family history and information about those ancestors. It has been an interesting journey.
