The Innovation Blind Spot Why

In The Innovation Blind Spot, entrepreneur and venture capitalist Ross Baird argues that the innovations that truly matter don't see the light of day—for reasons entirely of our own making. A handful of people in a handful of cities are deciding, behind closed doors, which entrepreneurs get a shot to succeed.

Online Library The Innovation Blind Spot Why We Back The Wrong Ideas And What To Do About It

"If you're interested in understanding the root causes of why the American economy isn't working, read *The Innovation Blind Spot*. Ross Baird highlights how most people and capital focus on only a couple of industries and a couple of cities—and how if we change how we think about solving problems, we can get better results for everyone."

The Innovation Blind Spot: Why We Back the Wrong Ideas-and ...

In *The Innovation Blind Spot*, venture capitalist Ross Baird demonstrates how to fix the problem by helping us find better ideas, looking at people, places, and industries often overlooked. Baird also explores "one-pocket thinking", which ensures ideas are not just benefiting a few people from the top down, but broadly benefiting entrepreneurs, business, and society from the bottom up.

These blind spots result in investors overlooking untapped companies, untapped markets and untapped industries. How we invest: One size does not fit all. Innovation breaks moulds, it doesn't fit them.

Book Review: The Innovation Blind Spot - By Ross Baird

In *The Innovation Blind Spot: Why We Back the Wrong Ideas and What to Do About It*, released just last week, Baird describes how mental shortcuts, biases, and funding models prevent us from tackling our most pressing social and economic challenges, instead opting to solve problems that are familiar, and where investment returns are more predictable.
