The Patron State: Culture and Politics in Fascist Italy ...

In the case of Italy under Mussolini, authoritarian cultural politics were driven by a willingness to co-opt a spectrum of aesthetic movements, from modernist to neo-classical. Rather than legislate an "art of the state," the Fascist regime continually experimented with and revised its arts policy, as it pursued the support of artists and audiences.

The Patron State Culture And Politics In Fascist Italy

The people of ancient Rome were divided into two classes: wealthy, aristocratic patricians and poorer commoners called plebians. Patricians, or upper-class Romans, were patrons to plebian clients. The patrons provided many types of support to their clients who, in turn, rendered services and loyalty to their patrons.

The subtitle, "Making a New Patron State" is provocative and opens up key issues of how to define the private and public spheres of culture as policy and process. Lee perhaps controversially states that, "Until the new millennium, Korean cultural policy had been unknown to the international community of cultural policy research" (1).

The Patron State Culture And Politics In Fascist Italy PDF

Patronage is the support, encouragement, privilege, or financial aid that an organization or individual bestows to another. In the history of art, arts patronage refers to the support that kings, popes, and the wealthy have provided to artists such as musicians, painters, and sculptors. It can also refer to the right of bestowing offices or church benefices, the business given to a store by a ...
