The Religions Of Ancient Egypt

Ancient Egyptian religion was a complex system of polytheistic beliefs and rituals that formed an integral part of ancient Egyptian culture. It centered on the Egyptians' interactions with many deities believed to be present in, and in control of the world. Rituals such as prayer and offerings were provided to the gods to gain their favor.

Ancient Egyptian religion - Wikipedia

The underlying principle of Egyptian religion was known as heka (magic) personified in the god Heka. Heka had always existed and was present in the act of creation. He was the god of magic and medicine but was also the power which enabled the gods to perform their functions and allowed human beings to commune with their gods.
