Stemming from the Greek words ennea (nine) and grammos (a written symbol), the nine-pointed Enneagram symbol represents nine distinct strategies for relating to the self, others and the world. Each Enneagram type has a different pattern of thinking, feeling and acting that arises from a deeper inner motivation or worldview.

a guide to the enneagram and the nine Types

The Enneagram's structure may look complicated, although it is actually simple. It will help you understand the Enneagram if you sketch it yourself. Draw a circle and mark nine equidistant points on its circumference. Designate each point by a number from one to nine, with nine at the top, for symmetry and by convention.
